

Y6 SPRING TERM WEEK 8 REMOTE LEARNING TIMETABLE - week beginning 1st March

Here is this week's timetable for children both at home and in school. For more detail, please look at the Daily Plan for each day, uploaded each day by 9:00 am to the class home learning page and Seesaw. This provides you with clear instructions for each session and children in Year 6 should be able to follow this mostly independently. Please also see separate pdf files and links on the Y6 Home Learning page for Maths worksheets and other subject resources each day. **Don't forget the Masked Reader all this week too!**

* These activities will have videos to support learning on Seesaw. Videos will also be uploaded by 9:00 am for that day's work. Other videos may pop up during the day as needed to support children with their learning or offer other thinking tasks.

Children should upload evidence of their completed tasks to Seesaw each day for staff to be able to offer feedback.

	<u>MONDAY</u>	<u>TUESDAY</u>	<u>WEDNESDAY</u>	<u>THURSDAY</u>	<u>FRIDAY</u>
