

Year 6 Remote Learning Daily Plan - Day 37 - Friday 5th March	
Masked Reader	<ul style="list-style-type: none"> The last 3 readers will be posted this morning. I will also post a template for you to fill in with who you think is behind the mask! I wonder who can get the most right?! The Reveal video will be posted just after lunchtime!
English	<ul style="list-style-type: none"> Start the day by looking over the spellings you have learned in previous weeks in the spring term. Today we are going to do a quick test on some of those words. Task 1: Watch today's Spelling Video on Seesaw where I will read this week's spellings. Remember - all these are words you have learned this term! Task 2: This week, we have come across a swallow in our Reading lesson, and a linnet in our Writing lesson. In our Spelling lesson, can you identify the 20 birds on the sheet I have uploaded to Seesaw (page 2 of Spelling Video)! Task 3: I have uploaded an Antonyms Crossword for you to have a go at too (on page 3 and 4 of the spelling video). These 2 tasks are also on the remote learning page of the website as Y6 Day 37 English Resource
Maths	<p>Today you need Y6 Day 37 Maths Resource. It's on the Remote Learning page of the website (for printing) and uploaded to Seesaw.</p> <p><u>Mental Starter</u></p> <ul style="list-style-type: none"> Maggots! Follow the link below (I have left the link on Seesaw too for ease of access!). Can you answer all the questions before maggots infest the screen?! https://www.transum.org/software/SW/Starter_of_the_day/starter_February28.asp?ver=stu <p><u>Main Lesson - Conversion of Measure - final problem solving task</u></p> <ul style="list-style-type: none"> Watch today's Maths Video on Seesaw where I will recap what we have learned and remind you of how to complete today's task. Y6 Day 37 Maths Resource - Are You Up For The Challenge? Add an answer to this to the comments of today's Maths Video. Y6 Day 37 Maths Resource - Find My Neighbour. <p><u>Greater Depth Challenge - Can you find the answer for every total and difference?</u> Plus, there is one extra star challenge on today's sheet for you to think about!</p>
Art	<ul style="list-style-type: none"> Given that quite a few of you like your art, I thought we'd do a nice little art activity for this last day of remote learning. You are going to be creating 'Worm Tunnels' - optical illusion art. This can be quite time-consuming, but also quite relaxing and leaves you with a cool effect at the end. You will need a dark pen or pencil, a piece of blank paper (I tend to cut an A4 sheet in half when I do this, otherwise it takes a while!!) and some colouring pencils. Oh...and some patience and determination! Watch today's Art Video on Seesaw. There will be a link to a YouTube clip https://www.youtube.com/watch?v=B8K4HXdHREA and some examples of what it should look like! Have fun! I look forward to seeing what you create.
PE	<ul style="list-style-type: none"> See today's PE Video link on Seesaw. Mr Hodgkinson has provided another great fitness video for you, which includes some football skills too! There are 3 other challenge cards for you to have a go at as well.
Class Novel	Spend some time today catching up on our class novel 'Time Riders' before you return to school.
