

**Year 4 Remote Learning Daily Plan - Day 31 - Thursday 25th February**

Maths	<p>Main Lesson - <b>Adding two or more Fractions</b>. There is no Seesaw video today. Start by watching today's Maths video called <b>Adding two or more Fractions</b></p> <ul style="list-style-type: none"><li>• <a href="https://whiterosemaths.com/homelearning/year-4/spring-week-7-number-fractions/">https://whiterosemaths.com/homelearning/year-4/spring-week-7-number-fractions/</a></li><li>• Pause the video after 14 seconds - have a go at the 'Get Ready' questions on a piece of paper. The answers will follow so you can mark your own work.</li><li>• Watch the next section of the video -pause the video at 1 minutes 11 seconds. What is <math>\frac{3}{5}</math> add <math>\frac{2}{5}</math>? You may use a bar model to help.</li><li>• Watch the next section of the video -pause the video at 1 minutes 49 seconds. What is <math>\frac{3}{5}</math> add <math>\frac{3}{5}</math>? You may use a bar model to help.</li><li>• Watch the next section of the video -pause the video at 2 minutes 52 seconds. What is <math>\frac{3}{5}</math> add <math>\frac{3}{5}</math> add <math>\frac{2}{5}</math>? You may use a bar model to help.</li><li>• Watch the next section of the video -pause the video at 4 minutes 38 seconds. What is <math>\frac{3}{5}</math> add <math>\frac{4}{5}</math> add <math>\frac{4}{5}</math>? You may use a bar model to help. Can you make any full bars?</li><li>• Pause the video at 5 minutes 25 seconds and have a go at questions 1-5 on the worksheet.</li><li>• Watch the next section of the video -pause the video at 6 minutes 22 seconds. Can you use the same method you have just been shown and find the missing digit in the next question shown?</li><li>• Watch the next section of the video -pause the video at 8 minutes 20 seconds. Can you find the missing digits in the question shown? Use bar models to help.</li><li>• Now complete the rest of the worksheet.</li></ul>
Guided Reading	<ul style="list-style-type: none"><li>• Complete the comprehension questions on the resource sheet. We are focusing on pages 18 and 19 of the text which can be found in this document.</li></ul>
RE	<ul style="list-style-type: none"><li>• Today we are going to focus on the Sikh place of worship called the Gurdwara. You looked at this at the start of Year 3 so some of this you may remember.</li><li>• Read through the presentation on the Home Learning page to learn more about a Gurdwara.</li><li>• Now watch the video on the link below. (some of the video repeats the story of Guru Nanak from a few weeks ago but people do watch the whole video as there is more information after the story.) <a href="https://www.bbc.co.uk/bitesize/clips/zvx6yrd">https://www.bbc.co.uk/bitesize/clips/zvx6yrd</a></li><li>• Inside a Gurdwara, there is a place called the Langar. This is where people go to eat a meal together.</li><li>• I would like you to create a poster to advertise the Langar to attract people to visit the Gurdwara for a meal with others. Use the information in the video to help you.</li></ul>
Sumdog	<ul style="list-style-type: none"><li>• I have set you a challenge on Adding and Subtracting Fractions. This will be available from 9am today until 9pm on Friday so please find time to sit down and complete the challenge you have been set. <u>We have not yet covered subtracting fractions but when the denominator is the same, you can use the same method as we do for adding fractions.</u></li></ul>
Reading	<ul style="list-style-type: none"><li>• On Seesaw, you will find a video of me reading the next chapter in the book for you to enjoy. You are more than welcome to read along with your own copy of the book if you wish!</li><li>• Once you have watched the video, find a comfy, quiet spot at home and read for 10 minutes.</li></ul>

GUIDED READING

- 1) Imagine you live near an active which is showing signs of erupting. You have been advised by authorities that you need to create a survival kit. Predict 10 items you might need case you get stranded or your power is cut off. Remember they are things that you will need to survive so listing your games consoles are NOT essential for you to survive.

1)
2)
3)
4)
5)
6)
7)
8)
9)
10)

- 2) Now look at page 18 on the resource page below. Independently read through the page. Take time to focus on the things it suggests the include in a survival kit. Compare your list to the list in the book. Did you manage to get any items correct? Now, using each item listed in the book, order them alphabetically in the table below. Toiletries are things like toothpaste, shampoo and toilet roll.

- |               |
|---------------|
| Radio         |
| Batteries     |
| Spare clothes |
| Blankets      |
| Toiletries    |
| Masks         |
| Tinned food   |
| Goggles       |
| Water         |
| First aid kit |
| Camping stove |
| Torch         |

Now answer the following 3 questions using page 18 and 19 to help.

- 3) What are the three signs of an eruption?

- 
- 
- 

- 4) What should you do with pets?

---

---

- 5) List two ways that you can protect yourself against ash.

1) \_\_\_\_\_

2) \_\_\_\_\_

# Staying safe

People who live near an active or dormant volcano must always be prepared in case it erupts. They need to make sure they know the signs of an eruption, what they should do, and what items to keep in an emergency survival kit. They need a plan to stay safe until emergency services reach them or advise them what to do next.

## Signs of an eruption

### Explosion

Can you see smoke or ash coming out of the volcano or volcanic lake? Did you hear an explosion?

### Bad smell

Can you smell sulphur? It smells a bit like rotten eggs. If so, wear a gas mask or face mask and goggles.

### Shaky ground

Can you feel the ground shaking? If you are outdoors, find shelter as soon as you can.

## Survival kit

Electricity and gas may be cut off in the event of a volcanic eruption. You will therefore need a survival kit with the items shown here. Check it regularly to make sure all the items are in working order and up to date. Try to keep all of it in one large bag or box.

## Emergency plan

If you live near a volcano, your family should have a plan of what to do in case of an eruption. It should include knowing where to meet and where your survival kit is stored. It is a good idea if someone in your family learns basic first aid, too, in case of injuries. The plan should also cover the items described below.

### Listen to the radio

Make sure you listen to a local radio station for the latest updates about the volcano and advice on what to do.

### Seek shelter if outside

It will be safer inside a building than outside it. Make sure all the windows and doors are kept closed.

### Bring pets indoors

Bring any pets you have indoors. They may sense that something is wrong and need calming.

### Check your family is okay

Make sure your family is safe. You may need to carry out first aid for health problems, such as injuries.

### Protect yourself against ash

If you come into contact with falling ash, make sure you wear a gas mask or a face mask and goggles.
